REPORT OF PRINCIPAL OF PENNELL INSTITUTE

To the Trustees of Pennell Institute and Citizens of Gray:

This is the annual report of the Principal of Pennell Institute for the year ending February 1, 1933.

The registration shows a considerable increase in the number of pupils enrolled as compared to previous years. It is interesting to note that the increase is similar to that in other schools. There are six tuition students this year. Six students transferred to Pennell from Portland schools. Enrollment by classes and courses is as follows:

Classes

Senior,	12
Junior,	15
Sophomore,	22
Freshman,	25
<hr/>	
Total,	74

Courses

College,	35
General,	24
Agriculture,	15

In order to accommodate the increased enrollment we have been obliged to purchase extra textbooks in several courses.

Twenty-six students had perfect attendance for the fall term. Regularity in attendance cannot be stressed too much.

There were no changes in the faculty this year. Better work may be done when the faculty is kept intact year after year. I wish that the fathers and mothers of students would visit the school and become acquainted with the school life of their children. These visitations would also promote a better understanding between the teacher and parent.

The usual school activities exist in Pennell this year. Public speaking is being given more prominence now. In addition to the annual Junior Prize Speaking Contest, Pennell is to take part in a triangular speaking contest with Windham and New Gloucester High Schools.

The musical clubs are working at present for their annual concert to be given on March 17. Last June the orchestra played for graduation thus saving the graduating class considerable expense.

Here may I express my appreciation to the Board of Trustees and all who have supported our activities and have helped us in any way.

Respectfully submitted,

CHARLES H. DIEHL,
Principal.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and to the
Citizens of the Town of Gray:

Greeting:

I have the honor to submit my seventh annual report.

The only large change in the schools over last year is: the closing of the Fields school and the change from 36 weeks to 35 weeks. Both were made because of financial reasons. The Fields school was too small to run and the children would be better in a larger school. The appropriation was too small to allow for a 36 week school year.

Teachers

No new teachers were hired this year. The following transfers were made:

Intermediate school: Louise Chipman transferred from West Gray school.

Primary school: Georgia Young transferred from East Gray school.

East Gray school: Velma Segars transferred from Intermediate school.

North Gray school: Ruth Morrill transferred from South Gray school.

South Gray school. Ellen Cole transferred from Primary school.

West Gray school: Ida MacDonald transferred from North Gray school.

Music

This program has been continued on the same plan as last year. The work has been very satisfactory. We hope to continue the same, provided funds are available.

Conveyance

Earle Whitney was hired to convey the Fields school children to Gray Corner.

Mrs. Sawyer was continued for the Dutton Hill route.

The conveyance for Long Hill was discontinued and the only child on this route was given car tickets for his attending school at Gray Corner.

The conveyance to Hancock school was limited to those living more than one mile and a half from the school.

Repairs

North Gray school was painted on the outside. West Gray school was painted on the outside and papered on the inside. The Hancock school was painted on the inside. South Gray school was shingled. New seats were bought.

We need money to continue the painting another year and to take care of the usual odds and ends. Seats had to be bought this year and we shall need seats another year. The unfinished room at the Hancock school is needed. Enrollments are very large in the village schools and another room is very much needed.

Fuel

All fuel purchased was purchased on sealed bids. The price is lower to us, everyone has a fair chance and the quality is very satisfactory.

Books and Supplies

Money has not been available for the proper number of books for our schools. We haven't enough books in the system to supply each pupil with a textbook. We are using books that are all out of binding and with pages missing. Our history and geography books are out of date. Our arithmetic books are in such condition that they can not be handled without many of them falling apart.

We have cut down on the supply list to the very minimum. Only cheap paper is furnished. Pencils are limited. The rest of the money used is for the electric light bills, and water rates, the price of which is beyond our control.

Janitors

Under this heading, three items are paid for: the janitor work, the school house cleaning and the cleaning of the toilets. The price paid janitors each week was reduced this year, but the work was the same as usual.

Budget

The School Committee recommend \$7,000.00 for this next school year. This is \$500.00 less than last year. The State Aid will be at least \$500.00 less than this year and perhaps less. This amount will make a cut of \$1,000.00 in the school expenditures for next year and require a shorter school year than 36 weeks, and another pay cut for teachers.

Primary, Ellen Cole, salary \$22.00 per week.

Intermediate, Velma Segars, salary \$22.00 per week.

Hancock, Mary Corbett, salary \$23.00 per week.

Dry Mills, Marguerite Morrell, salary \$18.00 per week.

Fields, Bernice Lord, salary \$18.00 per week.

East Gray, Georgia Young, salary \$18.00 per week.

North Gray, Ida MacDonald, salary \$19.00 per week.

South Gray, Ruth Morrill, salary \$18.00 per week.

West Gray, Louise Chipman, salary \$20.00 per week.

Recommendation

We should return to the 36 week school year. This would cost about \$200.00. The children are not getting the education to which they are entitled, we are decreasing the efficiency of our schools and not maintaining the standards of former years.

I would advise the closing of all the small rural schools and the finishing of the unused room in the Hancock school at once in order to take care of these children. The cost per pupil is very high in the rural schools and the children do not get school conditions as good as can be maintained in the larger village schools.

Financial statement follows.

Respectfully submitted,

FREDERICK H. AIKINS,
Superintendent of Schools.
